Intro: C-D-G (repeat)

C D G
Everything we dream is not in vain

C D G
Our action is the fruit of love and pain

C D G D
The strength we have was grown in the ground from seeds of justice

C D G
Everywhere we go we're not alone

C D G
These seeds carry a love that grows and grows

C D G D
From every ache and cry for a world full of justice

C G
And this movement grows

C G
As the Spirit flows

C G D
Everything can be set well

Working for repair is not in vain
Our action is the fruit of love and pain
The strength we have was grown in the ground from seeds of justice

So everywhere we go we're not alone
These seeds carry a love that grows and grows
From every ache and cry for a world full of justice

And this movement grows
As the Spirit flows
Everything can be set well
