Standing

- Please note that you will not be able to edit most of the fields in the Details, Standing, Staff, or Group Member sections. Your Conference and/or Association can edit those fields, so if there are any errors in these areas, please notify your Conference or Association immediately.
- Open and Affirming status can only be modified by Data Administrators at the National Office. This data is updated upon notification from the UCC Open and Affirming Coalition. If your church has completed the ONA process with the Open and Affirming Coalition, please email us at research@ucc.org with your church's name and location. Include ONA Church in the subject line. We will work with the Open and Affirming Coalition to verify this and update your record appropriately.

Addresses

- We currently track three types of addresses for churches: mailing, location, and campus.
 - **Location** is the physical location of the church. This address is used on the [Church Finder](#) on ucc.org to provide a map of your church location. Please note that this address is required.

- *Mailing* is the address that is used for all church mailings. **(Please note, when mailing and location address are the same, both addresses must be entered.)**
- *Campus* is the physical location of any additional campus of your church. This address is also used on the [Church Finder](#) on [ucc.org](#)
- To add a new address, click “Edit” on the main information page (see below) and then “Add Address ” in the address section.

Attendance

- This section includes fields for Average Weekly Worship Attendance, Community Engagement, Participants in Mission/Immersion/Service trips, Virtual Worship, Youth Programs, and Christian Education/Faith Formation. To help ensure the precision and accuracy of our records, we have divided the attendance category into in-person and several forms of virtual attendance.

- *Average Weekly Worship Attendance (i.e., In-Person Worship)* is the average number of individuals attending services at the church building
 - To log these values, follow the same procedures as were used for membership
 - Below weekly worship attendance, you will also find fields for community engagement, total church participants, and mission/immersion/service. These should be filled out in the same manner.
 - If you have questions about Church Participants and Community Engagement please see the “Guide to Yearbook Community Engagement and Total Church Participants Categories” posted on the [Yearbook webpage](#).

Special Notes

- ❖ Southern New England Conference churches should NOT include their Proportional Gifts as Additional UCC Giving (previously Other UCC Giving). Your Conference will report Proportional Gifts in the Basic Support Giving column. Since it is shared with the National Setting, it is analogous to Basic Support for this report.
- ❖ New York Conference Reformed Association churches should NOT report your Assessment as Additional UCC Giving (previously Other UCC Giving). Your Conference will be reporting this giving on your behalf.

Ministerial Support

- Start with "Choose Categories"**. Select **all** the positions that you want to report financial support for in your congregation.
- If you have additional ministers of a given type (e.g., co-pastors), go to the dropdown labelled "New Category" and select the category you would like to report multiple of. Once you have selected, it should appear on the screen with a number next to it (e.g., co-pastor 2). Repeat this process as needed until the number of positions matches the number you would like to report.

- From here, you will be asked to enter allowances and expenses for each person. This section operates very similarly to the *Membership* section, with dollar values being entered for each category. Please be sure to indicate if this is a full-time position.
- All data provided in this report should be annualized. If your church only had a pastor for part of the year, the compensation should be computed on an annual basis. This will ensure we can compare across churches. **This is not an actual accounting of the amount your church paid, but rather what the church would have paid for this position for an entire year.**

- This data is only used in providing summary reports of average compensation packages of numerous churches. Your church's ministerial support data will not be released.
- All actual staff and ministerial compensation should also be included in your Operating Expenses reported on the *Finance* tab.

Congregational Engagement

- This section is new with the updated database and is meant to reflect aspects of our churches' work and missions not captured by attendance, membership, or other measures. The questions pertain to building ownership/usage and volunteer activities in and around the church.
